

PilotCat is providing grants to help clean your church prior to reopening. Below is a link to complete some information before a Grant Specialist can reach out to you.

Grant Information Intake Form:

<https://bit.ly/3cWOyQ0>

As a reminder it is important to gather a few things and if possible, create a virtual copy of the items below (such as a scan, PDF, picture, etc.) so they can be uploaded as you fill out the form.

A grant specialist cannot move your grant forward without this information, so it is much easier if we have it at the time you submit your initial form. Here is what we need:

- Copies of any invoices, contracts or other documents that show what you have spent so far on COVID-19 expenses
- Employer Identification Number
- Copy of your Bylaws or Charter of your organization
- Copy of your IRS Tax Certificate
- Copy of your Insurance Policy

If you have all the above and upload them when asked as you input the form information, it will make your application go much faster.

Once your form is received, someone will contact you within about 1 business day to discuss the next steps.

Thank you
